

These prints were taken in  
September and October of  
2003 during a 2 week period.  
Most were taken in the High  
Peaks area around Lake  
Placid.

These prints are limited to  
50 prints each. We also print  
variants, so if you are interested  
in one of these prints in a  
different size, that can  
be arranged.
